8:00-8:45pm	Time Management	Research	Financing

**Session summaries**

**Legal Research Basics**

This session will give you a framework for your first weeks as a 1L: how to read a case citation and learn about the parts of a published case, primary and secondary law and other helpful tips. Presented by Law Library Director Adeen Postar.

**Time Management**

Effective time management can lead to greater success and a healthy, balanced life. This session will provide you with practical advice for managing your time and your life while you are in law school. Presented by Associate Dean Dionne Koller.

**MAXimizing your Financial Future**

Although “Think about my personal finances” will rarely make your “To Do” list as a first year law student, now IS the right time to start figuring out how to manage your finances to maximize your financial future. Here you will learn how to evaluate your own financial decision-making behaviors, to set financial goals, and to establish a personal spending plan strategy that supports your financial objectives.
